Eriez® Offers 10-Day Manual Clean Suspended Magnet Quick Ship Program

Erie, Pa. — [Eriez' 10-day SE program](#), a service created to more efficiently and quickly serve customers by offering quick shipment of selected Manual Clean Suspended Electromagnets within 10 days, is a perfect solution for situations where there is no room for delay. “This program gives customers the suspended electromagnets they need, when they need them,” explains Bill Dudenhoefer, Manager-Separation Products.

Six different magnet models, ranging from 42-inch square magnets up to 78-inch square magnets, as well their respective electrical controls, are included in this program. “These sizes effectively cover most common conveyor belt sizes and suspension heights,” said Dudenhoefer.

Customers in a wide range of industries including aggregates, coal, engineering, foundries, glass, mining, power generation, primary metals, recycling and more will benefit from the improved productivity a service such as this will provide.

The 10-day SE program offers a wide variety of options including; adjustable turnbuckles or cable slings; NEMA 4, NEMA 4X (corrosion resistant) or NEMA 9 (hazardous locations) junction box options; standard, high fire point or CSA approved coolant options; coil design options for higher elevations (up to about 14,000 feet about sea level) and CSA approved design options.

Eriez is recognized as world authority in advanced technology for magnetic, vibratory and inspection applications. The company’s magnetic lift and separation, metal detection, x-ray, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, recycling, mining, aggregate and textile industries. Eriez manufactures and markets these products through ten international facilities located on six continents. For more information, call toll-free (888) 300-ERIEZ (3743) within the U.S. and Canada. For online users, visit www.eriez.com or send e-mail to eriez@eriez.com. Eriez World Headquarters is located at 2200 Asbury Road, Erie, PA 16506.
